8.5"x5.5" Foldover Card (outside)

fold

Your text (type) should be at least 0.125" inside the cut line on each side, represented by the **GREEN** safety zone.

This is where your document will be cut.

If your final product requires printing to the edge, you **MUST** extend your artwork to the **RED** boundary box to ensure a proper bleed. Anything in the **RED** area will be trimmed off.
